

**F. Fiber Optic/Cable Equipment & Operating System
Software for Fiber Optic/Cable Equipment Networks**

Many ISDs use fiber networks which benefit students and the community. These high-capacity broadband networks interconnect districts, improve the delivery of Internet, instructional, and administrative resources while reducing over-all costs. Through partnerships, ISDs, local schools, county and other governmental units, and Central Police Dispatch (911), have access to fiber wide-area networks that are more affordable for all partners.
